

I'm at a loss of words to find out how this situation has gone down and I'm at a even bigger loss of words that our governing Police Department has issued gag orders for a left to city and Council officials stating that they're not allowed to talk about the loss of a 13-year veteran officer. I feel sorry for his family that he went out the way he did men's mental health is not something to mess with and I deal with it everyday.

[Shane R. Saum](#) it's time for answers it's time for change I have my own personal problems with the local police department in the way that things are handled but the fact that this morning and yesterday flags are not at half staff and that we are not acknowledging the loss of an officer is ridiculous !

RIP officer [REDACTED] we got your back from here
